STCW95 +2010 Basic Safety Training

STCW stands for: Standards of Training, Certification and Watch keeping for Seafarers. Most yachts require all of their crew to be STCW certified, especially yachts that charter.

A crew member must attend a set of 5 basic courses that cover:

- Personal Survival
- Fire Fighting
- First Aid & CPR
- Personal Safety & Social Responsibility
- Proficiency in Security Awareness

Who is it for?

With the right training, anyone can work on a luxury yacht as long as you have the dedication to find the job!

It's a work hard, play hard, lifestyle on board superyachts but the rewards are fantastic. The chance to explore the world and make friends whilst working amongst luxury... it's easy to see why its such a popular career choice.

A career in Superyachts is ideal for those who learn best in a practical environment, have good verbal communication skills and get on well with others.

Employers also look for people with additional skills & passions, who use their initiative and work well in a team
